

CONFERENCE PAPERS 2008

Barjenbruch, M. and Rettig, S. (2008). Labor- und Praxistest von Onlinemesstechnik. Kläranlagennachbarschaftstag der Kläranlagennachbarschaft 52 (Vorpommern). Grimmen, Germany, 27 November 2008.

Barjenbruch, M., et al. (2008). Vergleich von Online-Sensoren. Fachseminar für Laboranalytik und Prozess-Messtechnik der Firma Hach-Lange. Berlin, Germany, 17 April 2008.

Bracklow, U., et al. (2008). Influence of sludge loadings and types of substrates on nutrients removal in MBRs. MDIW2008. Toulouse, France, 20-24 October 2008.

De la Torre, T., et al. (2008). Filtration characterisation methods in MBR systems: a practical comparison. MDIW Membranes in Drinking and Industrial Water Production. Toulouse, France, 20-24 October 2008.

Gantner, K., et al. (2008). Projekt SPREE2011 - Entwicklung von Off-Shore Speicherräumen mit integrierter Klärtechnik zur Vermeidung von Mischwassereinleitungen in Gewässer. Norddeutsche Tagung für Abwasserwirtschaft und Gewässerentwicklung. Lübeck, Germany, 21-22 May 2008.

Gnirss, R., et al. (2008). Membrane Technique in a Freight Container for Advanced Nutrients Removal - The ENREM Demonstration Project. IWA World Water Congress. Vienna, Austria, 7-12 September 2008.

Grützmaker, G., et al. (2008). Organic Trace Substances Relevant for Drinking Water. Assessing their Elimination through Bank Filtration – Phase 1. IWRA 13th World Water Congress. Montpellier, France 1-4 September 2008.

Lesjean, B., et al. (2008). Evidences of unknown anaerobically cell intern stored carbon source used for enhanced post-denitrification. IWA Leading Edge Technologies. Zurich, Switzerland, 2-4 June 2008.

Matzinger, A., et al. (2008). Assessing the effectiveness of a constructed wetland for water quality mitigation in Brittany (France) - A case study within the Aquisafe project. 12th International Conference on Integrated Diffuse Pollution Management. Khon Kaen University, Thailand, 25-29 August 2008.

Matzinger, A., et al. (2008). Diffuse pollution and potential mitigation strategies - two case studies within the Aquisafe Project from agriculturally dominated Brittany (France). CEES Spring Science Meeting, Center for Earth and Environmental Science, Indiana University-Purdue University. Indianapolis, USA, 9-10 April 2008.

Morel-Fatio, A., et al. (2008). Analysis of source water contamination in rural and semi-rural areas in Europe and United States. IWRA 13th World Water Congress. Montpellier, France, 1-4 September 2008.

Muschalla, D., et al. (2008). The HSG Guideline Document for Modelling Integrated Urban Wastewater Systems. 11th International Conference on Urban Drainage. Edinburgh, Scotland, 31 August - 5 September 2008.

Pawlowsky-Reusing, E., et al. (2008). Integrated modelling of the impact from Combined Sewer Overflows on the water quality of slow-flowing lowland rivers. 11th International Conference on Urban Drainage. Edinburgh, Scotland, 31 August - 5 September 2008.

Rouault, P., et al. (2008). Simplification of dynamic flow routing models using hybrid modelling approaches - two case studies. 11th International Conference on Urban Drainage. Edinburgh, Scotland, 31 August - 5 September 2008.

Schroeder, K. and Joswig, K. (2008). Integriertes Misch- und Regenwassermanagement. Symposium „Herausforderungen für die Siedlungswasserwirtschaft“ des FG Siedlungswasserwirtschaft der Technischen Universität Berlin. Berlin, Germany, 25-26 September 2008.

Schroeder, K., et al. (2008). A water quality based method for the assessment of CSO impact on receiving waters in Berlin. 3rd Joint Specialty Conference of WEF, JSWA and EWA on Sustainable Water Management in Response to 21st Century Pressures. Munich, Germany, 6-7 May 2008.

Stüber, J., et al. (2008). Operation of MBR membrane modules used in a decentralised wastewater treatment plant: Field study and comparison of different cleaning strategies. MDIW Membranes in Drinking and Industrial Water Production. Toulouse, France, 20-24 October 2008.

Thronicker, O., et al. (2008). Research on iron-related biofilms in Berlin water wells. Biofilms III Conference. Garching, Germany, 6-8 October 2008.

Thronicker, O., et al. (2008). Bacterial Population comparison of Berlin Water Wells. 12th International Symposium on Microbial Ecology. Cairns, Australia, 17-22 August 2008.

Wiacek, H. (2008). Optimierung von Brunnenbetrieb und –instandhaltung - Ein interdisziplinäres Forschungsprojekt in Berlin. Potsdamer Brunnentage. Potsdam, Germany, 2-3 June 2008.
