

JOURNAL ARTICLES 2006

Drews, A., et al. (2006). Influence of unsteady membrane bioreactor operation on EPS formation and filtration resistance. *Desalination* 192: 1.

Greskowiak, J., et al. (2006). Modeling Seasonal Redox Dynamics and the Corresponding Fate for the Pharmaceutical Residue Phenazone During Artificial Recharge of Groundwater. *Environmental Science & Technology* 40 (21): 6615

Haande, S., et al. (2006). Genetic characterisation of *Cylindrospermopsis raciborskii* (Nostocales, Cyanobacteria) isolates from Africa and Europe. *Harmful Algae*, 7 (5): 69.

Heinzmann, B., et al. (2006). Getrennte Erfassung von jodorganischen Röntgenkontrastmitteln mit mobilen Urinbehältern in zwei Krankenhäusern - Ergebnisse der Testphase. *gwf Wasser Abwasser* 147(11): 710.

Holzbecher, E. (2006). Calculating the effect of natural attenuation during bank filtration. *Computers & Geosciences* 32: 1451.

Holzbecher, E., et al. (2006). The Influence of Redox Conditions on Phage Transport - Enclosure Experiments and Modeling. *Environmental Engineering Science* 23(No 4): 623.

Lesjean, B., et al. (2006). MBR: Technology gets timely EU cash boost. *Filtration+Separation*, 43 (9): 20.

Massmann, G., et al. (2006). The impact of variable temperatures on the redox conditions and the behaviour of pharmaceutical residues during artificial recharge. *Journal of Hydrology* 328(1-2): 141.

Rosenberger, S., et al. (2006). Impact of colloidal and soluble organic material on membrane performance in membrane bioreactors for municipal waste water treatment. *IWA Water Research* 40: 710.

Rücker, J., et al. (2006). Distribution and regulation of the originally tropical cyanobacterium *Cylindrospermopsis raciborskii* at its northern limits. *BfN Skripten* 184: 229.

Schauser, I. and Chorus, I. (2006). Assessment of the success of internal and external lake restoration measures in two Berlin lakes. *Lake and Reservoir Management*, 22.

Schauser, I., et al. (2006). Strategy and Current Status of Combating Eutrophication in 2 Berlin Lakes for Safeguarding Drinking Water Resources. *Water Science and Technology* 54 (11-12): 93.

Schauser, I., et al. (2006). Effects of nitrate on phosphorus release: comparison of two Berlin lakes. *Acta hydrochimica et hydrobiologica* 34(4): 325.

Stueken, A., et al. (2006). Distribution of three alien cyanobacterial species (Nostocales) in northeast Germany: *Cylindrospermopsis raciborskii*, *Anabaena bergii* and *Aphanizomenon aphanizomenoides*. *Phycologia* 45 (6): 696

Stüken, A., et al. (2006). Phylogenetic characterisation of the three cyanobacteria species *Anabaena bergii*, *Aphanizomenon ovalisporum* and *Aphanizomenon aphanizomenoides* (order Nostocales). *International Journal of Systematic and Evolutionary Microbiology*: 19.

Wiedner, C., et al. (2006). Seasonal dynamics of cylindrospermopsin and cyanobacteria in two German lakes. *FEMS Microbiology*: 30.

Zühlke, S., et al. (2006). Long term comparison of trace organics removal performances between conventional and membrane activated sludge processes. *Water Environmental Research* 78(13): 7.
